Wonderful co-working space and event venue available in an exclusive industrial building of the Poblenou neighborhood of Barcelona. The interior is characterized by plenty of natural light flooding in from enormous windows and illuminating the smooth parquet floors, furniture made of refurbished wood and attractive original features of the building, including its sturdy cement columns. The venue features a co-working area with large white tables, comfortable rolling chairs and a large blackboard, great sketching your creative new ideas. You will also have access to a space furnished with a long white table, perfect for meetings and training sessions. The latter is partially separated from the zen style kitchen, equipped with a table for 6, a refrigerator and microwave, by a wall divider made of smooth wooden planks. This venue is great for work events, reunions, courses and trainings. It is also ideal for animated private parties with a maximum capacity of 40 people, as it is located in a secluded industrial space without any neighbors to complain about noise. The space is available for private parties from Monday to Friday between 8pm and 11pm or at any time on Saturday or Sunday.

The venue boasts a great location, just meters from the Bogatell (L4) metro station with rapid access to Passeig de Gracia, Jaume I and Verdaguer. It is also accessible easily by car, as it is quite close to Avenida Meridiana, a major thoroughfare. You will be in what is one of the trendiest new areas of Barcelona, known for its budding art scene, alternative bars and music venues, including L'OVella Negra, Edge Brewing craft brewery and the famous Razzmatazz nightclub. There is also a Mercadona supermarket just a few streets away, in case you need food supplies for your work event or party.
